

APPENDIX 1

DIVING MEDICAL EXAM OVERVIEW FOR THE EXAMINING PHYSICIAN

TO THE EXAMINING PHYSICIAN:

This person, _____, requires a medical examination to assess their fitness for certification as a Scientific Diver with SCUBAdivers International. Their answers on the Diving Medical History Form (attached) may indicate potential health or safety risks as noted. Your evaluation is requested on the attached scuba Diving Fitness Medical Evaluation Report. If you have questions about diving medicine, you may wish to consult one of the references on the attached list or contact one of the physicians with expertise in diving medicine whose names and phone numbers appear on an attached list, the Undersea Hyperbaric and Medical Society, or the Divers Alert Network. Please contact the undersigned Diving Safety Officer if you have any questions or concerns about diving medicine or the standards. Thank you for your assistance.

Phone Number

Scuba and other modes of compressed-gas diving can be strenuous and hazardous. A special risk is present if the middle ear, sinuses, or lung segments do not readily equalize air pressure changes. The most common cause of distress is eustachian insufficiency. Recent deaths in the scientific diving community have been attributed to cardiovascular disease. Please consult the following list of conditions that usually restrict candidates from diving.

(Adapted from Bove, 1998: bracketed numbers are pages in Bove)

CONDITIONS WHICH MAY DISQUALIFY CANDIDATES FROM DIVING

1. Abnormalities of the tympanic membrane, such as perforation, presence of a monomeric membrane, or inability to autoinflate the middle ears. [5 ,7, 8, 9]
2. Vertigo, including Meniere's Disease. [13]
3. Stapedectomy or middle ear reconstructive surgery. [11]
4. Recent ocular surgery. [15, 18, 19]
5. Psychiatric disorders including claustrophobia, suicidal ideation, psychosis, anxiety states, untreated depression. [20 - 23]
6. Substance abuse, including alcohol. [24 - 25]
7. Episodic loss of consciousness. [1, 26, 27]
8. History of seizure. [27, 28]
9. History of stroke or a fixed neurological deficit. [29, 30]
10. Recurring neurologic disorders, including transient ischemic attacks. [29, 30]
11. History of intracranial aneurysm, other vascular malformation or intracranial hemorrhage. [31]
12. History of neurological decompression illness with residual deficit. [29, 30]
13. Head injury with sequelae. [26, 27]
14. Hematologic disorders including coagulopathies. [41, 42]
15. Evidence of coronary artery disease or high risk for coronary artery disease. [33 - 35]
16. Atrial septal defects. [39]
17. Significant valvular heart disease - isolated mitral valve prolapse is not disqualifying. [38]
18. Significant cardiac rhythm or conduction abnormalities. [36 - 37]
19. Implanted cardiac pacemakers and cardiac defibrillators (ICD). [39, 40]
20. Inadequate exercise tolerance. [34]
21. Severe hypertension. [35]
22. History of spontaneous or traumatic pneumothorax. [45]
23. Asthma. [42 - 44]
24. Chronic pulmonary disease, including radiographic evidence of pulmonary blebs, bullae, or cysts. [45,46]
25. Diabetes mellitus. [46 - 47]
26. Pregnancy. [56]

APPENDIX 2

AAUS MEDICAL EVALUATION OF FITNESS FOR SCUBA DIVING REPORT

Name of Applicant (Print or Type)

Date of Medical Evaluation (Month/Day/Year)

To The Examining Physician: Scientific divers require periodic scuba diving medical examinations to assess their fitness to engage in diving with self-contained underwater breathing apparatus (scuba). Their answers on the Diving Medical History Form may indicate potential health or safety risks as noted. Scuba diving is an activity that puts unusual stress on the individual in several ways. Your evaluation is requested on this Medical Evaluation form. Your opinion on the applicant's medical fitness is requested. Scuba diving requires heavy exertion. The diver must be free of cardiovascular and respiratory disease (see references, following page). An absolute requirement is the ability of the lungs, middle ears and sinuses to equalize pressure. Any condition that risks the loss of consciousness should disqualify the applicant. Please proceed in accordance with the AAUS Medical Standards (Sec. 5.00). If you have questions about diving medicine, please consult with the Undersea Hyperbaric Medical Society or Divers Alert Network.

TESTS: THE FOLLOWING TESTS ARE REQUIRED:

DURING ALL INITIAL AND PERIODIC RE-EXAMS (UNDER AGE 40):

- Medical history
- Complete physical exam, with emphasis on neurological and otological components
- Urinalysis
- Any further tests deemed necessary by the physician

ADDITIONAL TESTS DURING FIRST EXAM OVER AGE 40 AND PERIODIC RE-EXAMS (OVER AGE 40):

- Chest x-ray (Required only during first exam over age 40)
- Resting EKG
- Assessment of coronary artery disease using Multiple-Risk-Factor Assessment¹ (age, lipid profile, blood pressure, diabetic screening, smoking)
Note: Exercise stress testing may be indicated based on Multiple-Risk-Factor Assessment¹

PHYSICIAN'S STATEMENT:

I have evaluated the above mentioned individual according to the tests listed above. I have discussed with the patient any medical condition(s) that would not disqualify him/her from diving but which may seriously compromise subsequent health. The patient understands the nature of the hazards and the risks involved in diving with these conditions.

_____ 01 I find no medical conditions that may be disqualifying for participation in scuba diving.

Diver **IS** medically qualified to dive for: _____ 2 years (over age 60)
_____ 3 years (age 40-59)
_____ 5 years (under age 40)

_____ 02 Diver **IS NOT** medically qualified to dive: _____ Permanently _____ Temporarily.

APPENDIX 3 DIVING MEDICAL HISTORY FORM

(To Be Completed By Applicant-Diver)

Name _____ Sex ____ Age ____ Wt. ____ Ht. ____

Sponsor _____ Date ____/____/____
 (Dept./Project/Program/School, etc.) Revised SNI 10/18 (Mo/Day/Yr)

TO THE APPLICANT:

Scuba diving places considerable physical and mental demands on the diver. Certain medical and physical requirements must be met before beginning a diving or training program. Your accurate answers to the questions are more important, in many instances, in determining your fitness to dive than what the physician may see, hear or feel as part of the diving medical certification procedure.

This form shall be kept confidential by the examining physician. If you believe any question amounts to invasion of your privacy, you may elect to omit an answer, provided that you shall subsequently discuss that matter with your own physician who must then indicate, in writing, that you have done so and that no health hazard exists.

Should your answers indicate a condition, which might make diving hazardous, you will be asked to review the matter with your physician. In such instances, their written authorization will be required in order for further consideration to be given to your application. If your physician concludes that diving would involve undue risk for you, remember that they are concerned only with your well-being and safety.

| | Yes | No | Please indicate whether or not the following apply to you | Comments |
|----|-----|----|---|----------|
| 1 | | | Convulsions, seizures, or epilepsy | |
| 2 | | | Fainting spells or dizziness | |
| 3 | | | Been addicted to drugs | |
| 4 | | | Diabetes | |
| 5 | | | Motion sickness or sea/air sickness | |
| 6 | | | Claustrophobia | |
| 7 | | | Mental disorder or nervous breakdown | |
| 8 | | | Are you pregnant? | |
| 9 | | | Do you suffer from menstrual problems? | |
| 10 | | | Anxiety spells or hyperventilation | |
| 11 | | | Frequent sour stomachs, nervous stomachs or vomiting spells | |
| 12 | | | Had a major operation | |
| 13 | | | Presently being treated by a physician | |
| 14 | | | Taking any medication regularly (even non-prescription) | |
| 15 | | | Been rejected or restricted from sports | |
| 16 | | | Headaches (frequent and severe) | |
| 17 | | | Wear dental plates | |
| 18 | | | Wear glasses or contact lenses | |
| 19 | | | Bleeding disorders | |
| 20 | | | Alcoholism | |
| 21 | | | Any problems related to diving | |
| 22 | | | Nervous tension or emotional problems | |

| | Yes | No | Please indicate whether or not the following apply to you | Comments |
|----|-----|----|---|----------|
| 23 | | | Take tranquilizers | |
| 24 | | | Perforated ear drums | |
| 25 | | | Hay fever | |
| 26 | | | Frequent sinus trouble, frequent drainage from the nose, post-nasal drip, or stuffy nose | |
| 27 | | | Frequent earaches | |
| 28 | | | Drainage from the ears | |
| 29 | | | Difficulty with your ears in airplanes or on mountains | |
| 30 | | | Ear surgery | |
| 31 | | | Ringing in your ears | |
| 32 | | | Frequent dizzy spells | |
| 33 | | | Hearing problems | |
| 34 | | | Trouble equalizing pressure in your ears | |
| 35 | | | Asthma | |
| 36 | | | Wheezing attacks | |
| 37 | | | Cough (chronic or recurrent) | |
| 38 | | | Frequently raise sputum | |
| 39 | | | Pleurisy | |
| 40 | | | Collapsed lung (pneumothorax) | |
| 41 | | | Lung cysts | |
| 42 | | | Pneumonia | |
| 43 | | | Tuberculosis | |
| 44 | | | Shortness of breath | |
| 45 | | | Lung problem or abnormality | |
| 46 | | | Spit blood | |
| 47 | | | Breathing difficulty after eating particular foods, after exposure to particular pollens or animals | |
| 48 | | | Are you subject to bronchitis | |
| 49 | | | Subcutaneous emphysema (air under the skin) | |
| 50 | | | Air embolism after diving | |
| 51 | | | Decompression sickness | |
| 52 | | | Rheumatic fever | |
| 53 | | | Scarlet fever | |
| 54 | | | Heart murmur | |
| 55 | | | Large heart | |
| 56 | | | High blood pressure | |
| 57 | | | Angina (heart pains or pressure in the chest) | |
| 58 | | | Heart attack | |

| | Yes | No | Please indicate whether or not the following apply to you | Comments |
|----|-----|----|--|----------|
| 59 | | | Low blood pressure | |
| 60 | | | Recurrent or persistent swelling of the legs | |
| 61 | | | Pounding, rapid heartbeat or palpitations | |
| 62 | | | Easily fatigued or short of breath | |
| 63 | | | Abnormal EKG | |
| 64 | | | Joint problems, dislocations or arthritis | |
| 65 | | | Back trouble or back injuries | |
| 66 | | | Ruptured or slipped disk | |
| 67 | | | Limiting physical handicaps | |
| 68 | | | Muscle cramps | |
| 69 | | | Varicose veins | |
| 70 | | | Amputations | |
| 71 | | | Head injury causing unconsciousness | |
| 72 | | | Paralysis | |
| 73 | | | Have you ever had an adverse reaction to medication? | |
| 74 | | | Do you smoke? | |
| 75 | | | Have you ever had any other medical problems not listed? If so, please list or describe below; | |
| 76 | | | Is there a family history of high cholesterol? | |
| 77 | | | Is there a family history of heart disease or stroke? | |
| 78 | | | Is there a family history of diabetes? | |
| 79 | | | Is there a family history of asthma? | |
| 80 | | | Date of last tetanus shot? Vaccination dates? | |

Please explain any "yes" answers to the above questions.

I certify that the above answers and information represent an accurate and complete description of my medical history.
